Date: 29/12/2016

CIRCULAR

Members who are engaged in manufacturing of battery plates and / or carrying on smelting activities for production of secondary lead are hereby informed that in spite of they having been cautioned time and again in the past to ensure that they abide by the rules and regulations set by the West Bengal Pollution Control Board and Central Pollution Control Board for controlling pollution, it is known from a very reliable source that of late many of them are flouting the set rules and are not keeping their houses in order.

Members are strictly cautioned hereby to be on their guard against such aberrations and are advised to scrupulously follow the rules set by the Government.

To All Members of
the Association

(Y.P. Kanotra)
President
